Autograph party

ABOVE: Children gathered for autographs on cop cards Saturday at Sturgis High School as a TV crew taped a segment for the Fox Network's "America's Most Wanted" television show. Similar to baseball cards, each cop card features a Sturgis police officer and a safety message. The cop card program was kicked off Sept. 1 in an effort to encourage friendly exchanges between police and young people and has drawn national attention for its extensive community involvement. The television segment is expected to air sometime before the end of the year.
